PRESTIGIO 14

Quality Reinvented

MAJESTY is for those who demand the absolute best in a golf club. The PRESTIGIO product line embodies the quintessential luxury and craftsmanship of MAJESTY.

Experience the latest quality reinvented by MAJESTY: PRESTIGIO 14

MAJESTY

PRESTIGIO 14

Hyperion Titanium II

Crafted with rare, premium titanium to maximize initial ball speed. Designed specifically to meet the needs of golfers demanding exceptional distance.

Wing Tail

Increases MOI for superior stability and directional control. This innovative design promotes an ideal ball flight and ensures reliable, effective performance on every course.

Optimal Core Impact

Minimizes the effect of mis-hits for consistent performance. Helping players unlock their true potential effortlessly and naturally.

MAJESTY

PRESTIGIO 14

360° Power Frame 2.0

Expands the effective sweet area for enhanced forgiveness. Delivers improved impact sound and face stability, mirroring the high-performance benefits of a cup face design.

KIRIGANE-Inspired Cosmetic Design

A refined aesthetic inspired by traditional decorative artistry. Expressing timeless elegance through fine, intricate lines.

DRIVER

Beyond Limits. Beyond Beauty

Hyperion Titanium II Face

Exclusive titanium engineered specifically for golf. A strong, ultra-thin, and lightweight face designed to maximize repulsion and initial ball speed. Delivers consistent distance and direction, even on off-center hits.

Wing Tail Weight for MOI Improvement

Enhances MOI for a stable, penetrating high trajectory. Promotes a powerful launch with optimal stability through the air.

Optimal Core Impact

Core-centered design for maximum energy transfer. Ensures efficient power delivery at impact and improved directional stability.

360° Power Frame 2.0

Expands the effective sweet spot for greater forgiveness. Refines impact sound and feel while providing exceptional face stability.

Enhanced Head Shape

A confidence-inspiring large silhouette. Combines easy alignment at address with significantly higher MOI for superior playability.

MAJESTY

PRESTIGIO 14

WOOD & HYBRID

Focus beyond the target, into the next realm

FAIRWAY WOOD

Full Tungsten Sole

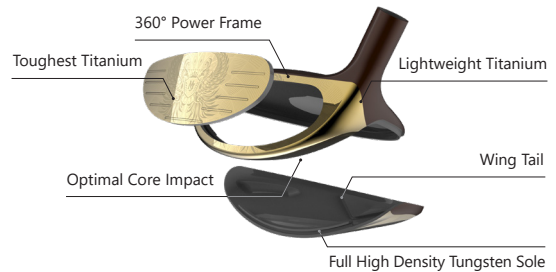

Concentrates approximately 60% of total weight low in the head. This deep, low center of gravity produces a high launch and superior stability.

High-Strength Titanium Face & Lightweight Body

Combines explosive distance with unwavering stability. A meticulously engineered structure that unites speed and balance.

High-MOI Design

Maintains accuracy even on off-center hits. A seamless fusion of evolved power and precision.

HYBRID

Full Tungsten Sole

Concentrates approximately 40% of total weight low in the head. Creates an ultra-low center of gravity that effortlessly supports a higher launch.

Wood-Style Hosel Design

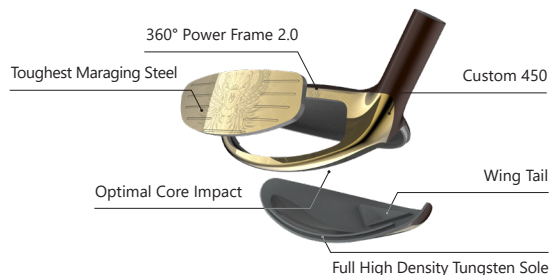

Engineered to promote high, consistent trajectories. Provides the confidence of a wood with the precision of an iron.

Strategic Weight Placement

Enhances launch conditions and directional accuracy. Optimizes mass distribution for a stable and powerful flight.

Precision-Forged Maraging Face & Lightweight Body

Combines explosive distance with exceptional workability. A high-performance structure designed for versatility and control.

MAJESTY

PRESTIGIO 14

Faster. Further, and More Precise

L-Cup Face Design

Engineered for high launch and optimal trajectory. The center-focused CG design maximizes ball speed and significantly increases MOI for consistent distance.

High-Density Tungsten Placement

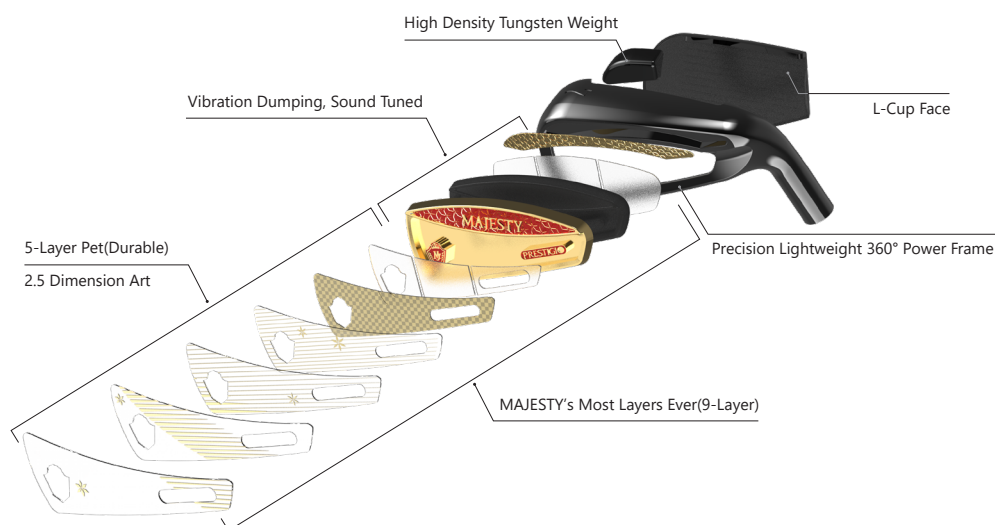

Achieves the perfect balance of a lightweight head and high MOI. Strategic positioning of high-density tungsten weights realizes a performance combination once thought impossible.

Multi-Layered Badge

The most intricate badge structure in MAJESTY GOLF history. This unprecedented 9-layer composition absorbs unwanted vibration, delivering a pure, refined sound and a satisfying feel at impact. Features stunning 2.5 Dimension artistry that embodies elegance.

High-Launch, Long-Distance Design

Effortlessly produces towering shots. Designed to help you attack the green with absolute confidence.

MAJESTY

PRESTIGIO 14

SHAFT

Unmatched lightness and swing-feel
made possible only by PRESTIGIO

“Whole Bend” Shaft Technology

Engineered for total club balance. Designed to seamlessly transfer the head’s maximum performance to the ball. This holistic approach ensures effortless distance without compromising swing comfort.

The Lightest Shaft in PRESTIGIO History

Achieving a new standard of lightness (37g) and exceptional feel. Materials have been completely reimagined to reduce weight from 38g to 37g. By featuring premium M40X™ and T1100G™ fibers throughout the entire length, the shaft delivers a smooth flex with a sharp, responsive snap.

Ultra-Lightweight, Low-Torque Design

Combines extreme lightness with PRESTIGIO’s signature stability. Upgraded from 78t to ultra-high modulus 80t carbon. This precise construction allows the shaft to snap back powerfully at impact, delivering maximum energy release.
